

## Royal Southern Yacht Club

### Price List 2018 – 2019

*We would like to draw your attention to the article in the Members' book about etiquette of blue ensigns and burgees. It says – "The Club Burgee shall always be flown when a yacht wears the Blue Ensign on the authority of the Ministry of Defence Warrant or Permit obtained through the Club." "The Club Burgee shall be flown by all yachts at the main mast head. In yachts where by reason of the fitment of wind sensors, electronic equipment or other obstruction at the top of the mast it is not practical to fly the Club Burgee at the masthead, the burgee should be flown on the starboard yardarm or outer starboard end of the spreaders."*

#### Union Jack or Union flag?

There is often a lively debate about which term is correct. In fact both terms are acceptable having been given parliamentary approval in 1908 when it was stated that "the Union Jack should be regarded as the National flag".

#### Sizing your flags

The sizes and condition of flags are important. They should not be tatty and should not hang in the water, but should still be large enough to be seen.
